New York State AmeriCorps 2022 - 2023 Competitive Pool

<b>Q1</b>	<b>Hope this email finds you well. I am out of the office during the scheduled webinars to learn more about the current proposal process. Will the webinars be recorded?</b>
A1	<p>Yes, please see recording links below:</p> <p>Programmatic and Evidence Info Session: <a href="https://meetny.webex.com/meetny/ldr.php?RCID=5d324c2812165757df1644b2348c81f1">https://meetny.webex.com/meetny/ldr.php?RCID=5d324c2812165757df1644b2348c81f1</a></p> <p>Technical Info Session: <a href="https://meetny.webex.com/meetny/ldr.php?RCID=f9eafbb6b2606d4925e745ca471fb422">https://meetny.webex.com/meetny/ldr.php?RCID=f9eafbb6b2606d4925e745ca471fb422</a></p>
<b>Q2</b>	<b>How do you fund me for the Grant?</b>
A2	Applications will be funded if they are selected for funding by the AmeriCorps Agency. Refer to RFP Section 6.0 Minimum Criteria/Review process for additional information.
<b>Q3</b>	<b>I think my organization (name redacted) is a great candidate for AmeriCorps funding, but we would benefit from a planning year to get our performance and compliance systems up and running. Can I apply for a planning grant through this application cycle, or is there a different application round that I should wait for? I read a reference to the planning grant in the RFP but was unclear about whether we can apply for a planning grant through this cycle. This answer may be within the eGrants portal, but we're having some technical difficulties accessing our account.</b>
A3	No. AmeriCorps did not include planning as a possible grant type in the PY2022 Competitive Notice of Funding Opportunities.
<b>Q4</b>	<b>For those that have not done this before - what is the prequalification?</b>
A4	All applicants are required to meet the minimum qualifications listed in Section 3.0 Minimum Qualifications to Propose and the Prequalification Process of the RFP as outlined in Section 3.2.
<b>Q5</b>	<b>Is the difference between cost reimbursement grants and fixed-cost grants explained in the NOFO?</b>
A5	<p>While the NOFO did explain the difference between the two types of AmeriCorps grants, they are scattered throughout the NOFO and Application instructions. There are two major differences in grant budgets and earned grant dollars between a fixed amount and cost reimbursement “standard” grant. To provide a summary:</p> <p><b>Cost Reimbursement Grant:</b></p> <p>Under a cost reimbursement grant, recipients have an approved grant budget established prior to grant award. Cost reimbursement grants must meet specific match requirements as described in the Notice of Funding Opportunity and the AmeriCorps regulations. Cost reimbursement programs require both federal grant funds and non- AmeriCorps funds documented in the grant budget, and both AmeriCorps and non-AmeriCorps funds may only be spent on allowable costs identified in federal grant regulations or consistent with the award Terms and Conditions. The grant budget identifies budget categories such as personnel, fringe, travel, supplies, and equipment; spending charged to federal or matching funds must fall within budget categories with approved line item costs. Adding new budget categories or modifications of an approved budget over certain thresholds must be reviewed by AmeriCorps. With respect to earned grant dollars, cost reimbursement grants are not at-risk of being reduced when a grantee’s performance does not meet member enrollment or service</p>

	<p>hour targets in a program year. As long as a program devotes its efforts to reaching performance metrics, all the awarded funds may be drawn and retained to reimburse for allowable costs in that year.</p> <p><b>Fixed Amount Grant</b> In contrast, fixed amount grant programs recipients are not required to present a grant application budget nor have one approved. In order to access all of the funds provided, programs must recruit and retain all AmeriCorps members supported under the grant based on the MSY level awarded. There is also no formal matching requirement. Fixed amount grants are limited to the grant amount earned based on performance with respect to member enrollment and members' hours served. Any amount drawn over the calculated earned amount must be returned to AmeriCorps.</p>
<b>Q6</b>	<b>If we are planning to move to a 1200-hour program should that be reflected on the RFP or should we leave it as 1700? Also, members would be considered full-time? so to be a full time you have to do 1700?</b>
A6	<p>A detail AmeriCorps member slot types configuration (Full-Time, Three-Quarter-Time, Half-Time, etc.) is required in cost reimbursement grant's budget narrative.</p> <p>Full-Time slot type refers to a member slot type that require a person to complete at least 1,700 hours in order to be considered successfully completed their term of service.</p> <p>Full-Time slot type is not the same as full-time capacity which is around 35+ hours per week. Any member slot type could serve in a full-time capacity schedule based on the program structure. For example, a summer camp position serving 37.5 hours a week for 8 weeks, while the member is serving in a full-time capacity, the most appropriate time slot the member should be enrolled in is Minimum-Time (300 hours). Please see Section 4.2 Program Requirements Based on AmeriCorps Grant Award and Application Types for additional information.</p>
<b>Q7</b>	<b>We are in the third year of a formula grant. Do we submit to this RFP or wait for a formula?</b>
A7	The NYS AmeriCorps Competitive RFP and NYS AmeriCorps Formula RFP are two (2) separate and unique funding opportunities.
<b>Q8</b>	<b>And the biggest Education Award is only available to Full-Time, Yes?</b>
A8	Yes.
<b>Q9</b>	<b>Does the Bidder's Notice need any response from us as requesters?</b>
A9	No, the bidder's notice is provided for your reference only and is intended to highlight changes from last year's NOFO.
<b>Q10</b>	<b>The link on the bidder's notice is not working, can you fix this please?</b>
A10	<p>The CDC's Social Vulnerability Index is as follows:  <a href="https://www.atsdr.cdc.gov/placeandhealth/svi/index.html">https://www.atsdr.cdc.gov/placeandhealth/svi/index.html</a></p>

<b>Q11</b>	<b>Do AmeriCorps positions need to be recruited from a specific pool of applicants? Wondering if there was a pool of existing people applying to work for AmeriCorps that we would need to hire from?</b>

New York State AmeriCorps 2022 - 2023 Competitive Pool

<b>Q18</b>	<b>Our Organization [name redacted] has been funded for a new three-year cycle beginning this October. 2021-2022 will be the first year. Do we apply as a recomplete applicant?</b>

Also see A25.
<b>Q28</b>	<b>Please clarify the social cohesion and civic engagement priorities. Please provide examples and definitions.</b>
A28	AmeriCorps did not provide specific examples or definitions in their NOFO. Applicants should use good judgement when determining whether projects meet these criteria.
<b>Q29</b>	<b>Does your office expect issuing Addenda to the RFP</b>
A29	No. However, conditions may change unexpectedly. In the event of an amendment, the Commission will post a notice on its website and the amendment will also be posted in the NYS Contract Reporter, NYS Grants Gateway, and to the OCFS public website.
<b>Q30</b>	<b>Does your office expect extending the deadline?</b>
A30	No. However, conditions may change unexpectedly. In the event of an amendment, the Commission will post a notice on its website and the amendment will also be posted in the NYS Contract Reporter, NYS Grants Gateway, and to the OCFS public website.
<b>Q31</b>	<b>Please provide the link for the Programmatic and Evidence Information Meeting Session?</b>
A31	Please see A1.
<b>Q32</b>	<b>Please provide the link for the Technical Information Meeting Session.</b>
A32	Please see A1.
<b>Q33</b>	<b>What are the most common mistakes applicants make in the application submission?</b>
A33	Several common mistakes include, but are not limited to: not being prequalified in the Grants Gateway by the proposal deadline, missing the submission deadline in eGrants, and failing to properly submit required NYS supporting documentation Please carefully review RFP Section 1.6 Submission of Proposals and RFP Section 3.0 Minimum Qualifications to Propose and Prequalification Process to reduce the likelihood of making an error when submitting your proposal.
<b>Q34</b>	<b>If an organization previously had an AmeriCorps program for 6 years, then did not have a program for a number of years, and then applied for a new, different project this year, does their match requirement begin at the rate for year 1 again because it is a new program, or would they be expected to contribute a match at the rate for year 7 because it is the same organization?</b>
A34	There are a few more factors to consider in the above scenario: <ul style="list-style-type: none"> <li>1) If the previous program was a cost reimbursement grant and this organization intends to apply for cost reimbursement grant again, it first will have to submit the New / Additional Project request subject to AmeriCorps approval. <ul style="list-style-type: none"> <li>a. In the event AmeriCorps approves such request the application will be considered new and subject to match requirement at the rate of Year 1.</li> </ul> </li> </ul>

	<p>b. If the request is not approved and if the organization decided to use the same project code to file an application, this application will be subject to match requirement at the rate of Year 7.</p> <p>c. If the organization decided to use the previous project code without submitting the New/Additional Project request, it falls under <b>scenario b</b> above.</p> <p>2) If the previous program was a cost reimbursement grant and the organization intends to apply for a fixed cost grant, a New / Additional Project request is not required as the two applications fall on different prime; nor will the application be subject to any match requirement as match is not required for fixed-cost grants.</p>
Q35	<p><b>Are there any issues with paying certain members a higher living allowance rate to serve as team leaders? The AmeriCorps Team Leader is an AmeriCorps member with additional duties which would include coordinating a team AmeriCorps to develop positive team morale; foster teamwork; monitor standards of behavior; plan team schedules that result in the execution of project objectives and activities, implement work plan projects, support member development, ensure the development of good work habits on site as well as career and interpersonal skills and coordinate project logistics. This would help build AmeriCorps member leadership skills and prepare them for careers in helping professions. This will enhance the program by rewarding members for their performance and providing additional support for members.</b></p>
A35	<p>No, there is no issue. Paying the team leader at a higher rate is an allowable expense however, the National and Community Service Act, as amended, provides for approved national service positions to include a “position involving service as a crew leader in a youth corps program or a similar position supporting a national service program that receives an approved national service position” 42 U.S.C § 12573(6). This language allows programs, in addition to youth corps, to use AmeriCorps members to provide an additional layer of leadership and support for members under certain conditions.</p> <p>The following is guidance on the use of AmeriCorps members as Team Leaders. In general, all prohibited activities listed in Section 5 of the AmeriCorps Provisions apply to Team Leaders just as they do to all AmeriCorps members. Team Leaders are not permitted to act in a staff capacity. Supervising members is a staff responsibility. Team Leaders must not be responsible for program development and coordination; however, they may assist by providing information and resources on best practices or by helping to develop portions of the program such as the training curriculum. In essence, under no circumstances should an AmeriCorps member serving as a Team Leader be the individual legally responsible for the program or other members.</p> <p>The Team Leader position description should emphasize activities that involve them in performing direct service or providing support to members engaged in direct service. Examples of Team Leader activities: working alongside members performing direct service to serve as a model and to provide on the spot assistance; training members; providing guidance and support to members, including reflection exercises, conflict resolution, advice</p>

	<p>for transitioning out of AmeriCorps, etc.; arranging member development activities; building a sense of esprit de corps and general team cohesion among members; leading monthly/weekly meeting of members; leading and facilitating team service projects; working with the community to develop partnerships, including community volunteers, that will support the members' projects; and communicating with program staff, site supervisors, and other members to ensure the execution of a quality program that is consistent with the AmeriCorps provisions.</p> <p>Examples of unallowable Team Leader activities: signing member timesheets; evaluating member performance; disciplining AmeriCorps members; enrolling/dismissing AmeriCorps members; writing and/or signing program reports; managing the program's payroll and budget.</p> <p>While Team Leaders are not to serve as the program's administrative staff, they may be engaged, on a limited basis, in activities that support the administration of the AmeriCorps program. These include raising funds or in-kind contributions in direct support of specific AmeriCorps projects, such as team service projects.</p>
